1. Mission, Aims and Objectives

Dartmoor Multi Academy Trust (DMAT) is a registered charity working to deliver our vision for community and children alike - our vision is to provide the highest possible quality of education for all local children, in order to ensure pupils from all backgrounds are able to succeed.

To achieve this, we have adopted the following aims and objectives:

- A cross phase approach from pre-school to age 19. We will educate the whole child through a rich and deep curriculum, with each child thriving and succeeding creatively, emotionally and academically. The cross-phase approach maximises the opportunities for colleagues to work alongside colleagues from different phases to address the 'progress dip' that has potential to occur on all transitions.
- Education will be community based, inclusive and will respect and retain the ethos of all academies including church academies. The Trust has a co-operative set of values and principles incorporating a strong ethos.
- We believe in the benefits to the community of local schools and will always seek to maintain rural schools subject to their viability.
- The Trust will ensure that it is, at all times, compliant with all statutory obligations as prescribed by the DfE, ESFA and the Charity Commission.

2. Our Vision and Values

Founded in the principles of the International Cooperative Alliance and our Church Schools' ethos, our values enable us to fulfill our vision.

3. Scheme of Delegation

This Scheme of Delegation (SoD) identifies the key decisions required in connection with the overall governance and management of the Trust and its academies.

The SoD sets out the delegation by the Trustees under Article 105 of the Trust's Articles of Association. It is designed to set out clearly the respective roles and responsibilities across all layers of governance. The different layers of governance are explained in more detail in the Section relating to Layers of Governance: Roles and Responsibilities of this SoD.

This SoD should be read in conjunction with the Trust's Articles of Association and Terms of Reference, and also the Cooperative Statement of Intent, which was adopted by the Trust on its inauguration in January 2018.

This SoD will be reviewed on an annual basis by the Board of Trustees, or more frequently if required. If any material changes are proposed to this SoD, the Board of Trustees will have regard to any representations of the Local Stakeholder Board. However, this SoD may only be altered or revoked by the Board of Trustees.

* Our Church schools also work cooperatively within an informal hub

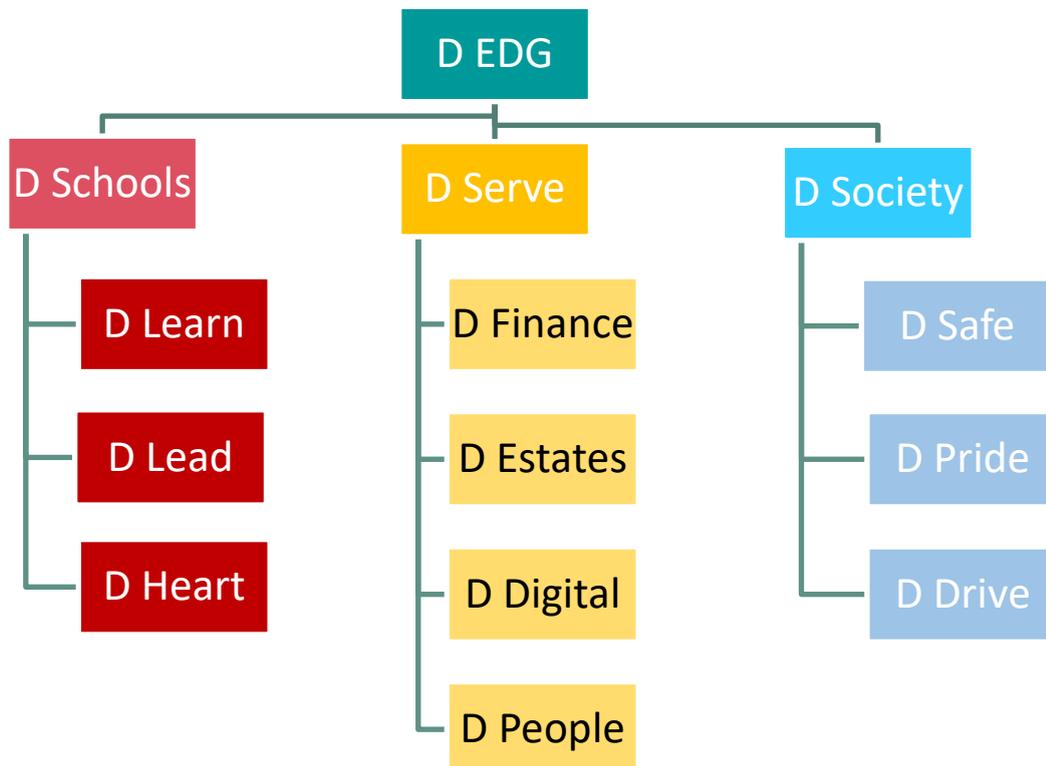

4.2. Operational Structures

To support the vision and values of our Trust, our 3-year objectives and our longer-term ambitions, our structures support and develop our academies through agile teams centered around key areas of focus, with our academies at the centre.

Our Trust leadership and improvement is centered on D EDG, the strategic partnership board for all the activities we undertake. The board is comprised of the Senior Leaders responsible for framing and enacting our strategy to meet our ambitions. The Board is comprised of our 3 D-Vehicles- the drivers for success that will ensure that our ambitions become a reality and that all of the work across the Trust, Civic and System leadership we undertake is aligned and congruent.

D EDG is our Executive Team and is where we find balance in the work we undertake between the professional accountability that is so important to ensure that we have a standard of excellence in all of the work we do as Public Servants and the democratic accountability that is vital to ensure that we centre this excellence in the needs of the communities we serve through listening, connection and relationship. The key ambition for D EDG is to act as the check and balance on the enactment of our values into behaviours to ensure that we are modelling and exemplifying the Nolan Principles. We subscribe to the Ethical Framework for Educational Leadership; based upon the seven Nolan principles of public life.

Primary Phase Structure

Secondary Phase Structure

5. Governance Key Roles and Responsibilities

The Trust is a company limited by guarantee and in accordance with the Academies Act 2010 is an exempt charity.

The Trust's three core layers of governance are Members, Trustees and Local Stakeholder Boards. We have set out below an overview of the key roles and responsibilities across the different layers of governance.

5.1. Members

The Members of the Trust are guardians of the governance of the Trust and, as such, have a different status to Trustees. Originally, they were the signatories to the Memorandum of Association and agreed the Trust's first Articles of Association (the legal document which outlines the governance structure and how the trust will operate). The Members have ultimate control over the Trust.

DMAT has five members. Members are not permitted to be employees of DMAT.

The Articles of Association also describe how members are recruited and replaced, and how many of the Trustees the Members can appoint to the Trust Board (7). The Members have the ability to appoint some of the Trustees to ensure that the Trust's charitable object is carried out and are able to remove Trustees if they fail to fulfil this responsibility. Accordingly, the Trust Board submits an annual report on the performance of the Trust to the Members.

Members are also responsible for approving any amendments made to the Trust's Articles of Association.

5.2. Trustees

The Trustees are responsible for the general control of the Trust in accordance with the provisions set out in the Articles of Association and this Scheme of Delegation. The Board of Trustees is the accountable body for the performance of all Academies within the Trust and, as such, must:

1. Ensure clarity of vision, ethos and strategic direction;
2. Hold the CEO to account for the educational performance of the Academies and their pupils, and the performance management of staff; and
3. Oversee the financial performance of the Trust, ensuring financial probity and value for money.
4. Hold the Local Stakeholder Boards to account for the effective Governance at the level 'knowing and understanding the school' as outlined in this Scheme of Delegation.

Membership

While Trustees can serve as Members, best practice recognises that the Members are responsible for holding the Trustees to account. Therefore, we have adopted separation between the Members and Trustees.

'Trustees' and 'Directors'

The Trust is a company limited by guarantee and an exempt charity. Therefore, Trustees must comply with company, education and charity law requirements. This results in the terms 'Trustees' and 'Directors' being used interchangeably. However, the Articles of Association refer to 'Trustees'. The use of the term Trustee also distinguishes these individuals from those who are executive officers with the job title of director but who are not actually Companies House registered directors.

Delegation

The Board of Trustees is permitted to exercise all the powers of the Trust. The Board of Trustees delegates, to the CEO, responsibility for the day-to-day operations of the Trust.

The Trustees (with the consent of the Members where changes to the Board of Trustees are at issue) have the right to review and adapt the Trust's governance structure at any time, which includes revoking delegation.

Meetings

The Board of Trustees meets on a termly (or more frequently if necessary) basis. Subject to the consent of the Board of Trustees, external advisors, LSB representatives, Principals, Staff and Parent representatives may also attend any committee meetings to make recommendations to the Board of Trustees. These additional attendees shall not have voting rights at committee meetings.

Payments

As a company and an exempt charity, Trustees are bound to comply with charity and company law as well as the requirements of the Academies Financial Handbook. Charity law expects individuals and organisations to become involved with a charity purely for altruistic purposes. The law does not envisage, or normally allow, for a profit to be made by a Trustee or a Member simply for acting in accordance with the role that he or she has taken on. The Trust's Articles of Association set out specific provisions relating to payment of Trustees. In short, there are two circumstances in which Trustees may be paid by the Trust:

1. Reimbursement of reasonable expenses, properly incurred when acting on behalf of the Trust. Please note that this is at the discretion of the Board of Trustees. Permission should be sought in advance (e.g. annually) of incurring any expenses and receipts must be provided. Only reasonable expenses can be reimbursed and any expenses incurred may be subject to scrutiny by the ESFA.

2. Payment for services provided outside the role of a Trustee. This is subject to very strict rules and legal advice must be sought when considering payment of this kind.

In summary, payment of Trustees must be considered carefully and properly documented fully taking into account the Articles of Association and the Academies Financial Handbook.

Trustees' Conflict of Interests

A conflict of interests is any situation in which a Trustee's personal interests (or those of a person or body connected to him or her), influence or appear to influence or affect that individual's decision-making.

As Trustees of an exempt charity, the Trustees have two sets of similar duties to avoid conflicts of interest. The first duty derives from the charity law duty imposed on Trustees by virtue of their positions as charity law Trustees. The second duty arises from company law and is imposed on Trustees by virtue of their position as Directors under company law.

Essentially, the Trustees have a legal obligation to act in the best interests of the Trust and in accordance with the Trust's Articles of Association, and to avoid situations in which there is an actual conflict of interests or where it is reasonably perceivable that an actual conflict could emerge.

5.3. The Trustees' Committees

The Trust board meets at least termly and has established a number of committees which meet at least termly

The Trust Board will ensure that the values set out in the Vision Statement above are embedded in all the actions and activities of the Dartmoor Multi Academy Trust and to hold the CEO accountable for the inclusion of these values.

The Trust Board will work with the Executive team to set the overall vision and mission for the Trust and hold the Executives to account on school improvement.

The Trust Board ensures that the financial, human, IT and estates resources of the MAT are being effectively managed. The Executive provides guidance to the Board of Trustees on all matters relating to Trust resources.

The Trust Board will be responsible for ensuring: the MAT complies with Health and Safety in line with current legislation and policies; the Business Critical Risk Register is utilised to ensure transparency; and any issues or risks are being managed.

The Trust Board has Safeguarding at the top of its priorities. It delegates the day-to-day oversight of Safeguarding standards to Local Stakeholder Boards, who work closely with the Trust executive and academies to ensure that standards are high. The Trust Safeguarding Lead (CEO) reports to the full Trustees following ongoing conversation with the DSLs within the schools.

5.3.1. Quality Education Committees (Primary Focus, Secondary Focus)

The Quality Education Board's main purpose is to ensure that the overall curriculum provision for cohorts, groups and phases of children meets the standards and expectations of the Trust and the entitlement for each community. The QEC hold one meeting each half term (pre-set dates as part of annual calendar).

The QEC should include the following members:

- 3 Trustees
- LSB Chairs or LSB nominated governors
- To include at least 1 Foundation representative (governor or trustee or ex officio governor)

5.3.2. Compliance and Assurance Committee:

The Compliance and Assurance Committee will monitor the integrity of the MAT's financial statements, financial performance, internal financial controls, internal control and risk management, along with reviewing the effectiveness of the internal audit function. The committee will report back to the board on how it has discharged its responsibilities.

The committee is made up of three trust board members. The Chair of the Board will be invited to attend each meeting. The Accounting Officer and other relevant senior staff will routinely attend the committee to provide information and participate in discussions. Employees of the Trust will not be members of the Committee. The committee will meet at least three times a year.

5.3.3. HR, Pay and People Committee

HR, Pay and People Committee is accountable for the success of the Trust in managing, supporting and developing their staff in terms of performance management and pay, employee relations and wellbeing, equality and diversity, changes to terms/conditions and joint union relationships. It is specifically accountable for ensuring an effective performance system, setting pay policy and ensuring HR legal requirements are met. The committee will meet twice a year.

HR, Pay & People Committee should include:

- A minimum of 3 Board of Trustees members.
- The CFOO and other relevant senior staff will routinely attend the committee to provide information and participate in discussions.
- Employees of the Trust will not be members of the Committee.

5.3.4. Resources, Finance and Estates

The Resources, Finance and Estates Committee is accountable for the success of the Trust in managing its financial and estates resources to achieve maximum effectiveness and best value.

They will review the budgets and financial monitoring and make recommendations to the Board of Trustees on budget proposals.

The Committee will also be responsible for ensuring the Trust is financially secure and complies with statutory financial reporting, the Academies Financial Handbook and Accounts Direction.

It will include a minimum of 3 Board of Trustees members. The CEO and other relevant senior staff will routinely attend the committee to provide information and participate in discussions.

Employees of the Trust will not be members of the Committee.

5.3.5. Other Committees

Other committees may be formed from time to time.

- **LSB Panels** (to oversee complaints, admission appeals and exclusions).
- **Resolution Committee** – Trust Board level if independent panels are required e.g. Stage 3 complaints and independent exclusion appeals.
- **Admissions Committee** – Trust Board level that meets once a year to review the trust wide policy and monitor any issues that have arisen.
- **Nominations Committee** – Trust Board level to approve LSB members and Trustee nominations

5.4. Local Stakeholder Boards:

Local Stakeholder Boards (LSB) are subcommittees of the Full Trust Board; their duties are outlined below.

Whilst foundation governors act as governors and are responsible for all schools within their hub, the LSB must ensure that the foundation governor(s) is present when any matters involving the Christian distinctiveness, values and ethos of CofE academies are discussed.

The composition of the LSB committees is determined by the Board and considers the skills audit of individuals and the committee as a whole. It also ensures that the number of governors who are paid employees of the Trust does not exceed one third of the total number. Due consideration will be given when a governor changes status to become an employee of the Trust.

5.4.1. Purpose

We aim to empower people to bring about lasting change in their communities. LSBs are open to anyone who is committed to shaping the DMAT vision into reality in their communities.

The purpose of the LSB is to provide local access and accountability for our parents and carers; framed within a cooperative structure to build and deepen partnership and connection. This is the place that the voice of the individual pupil, staff member, parent and other membership groups (each church school has an Ethos Committee, and non-Church school has a Schools Community Forum the minutes of which will feed into the LSB) is heard and understood; where the lived experience of our provision and offer is felt and triangulated.

The Local Stakeholder Boards (LSBs) are Committees of the Board of Trustees. They have no delegated decision-making powers however, LSBs have an important role in ensuring that Academies understand the local community

context that they are operating in, as well as providing a mechanism for the local community to support their Academy.

2. The CEO reports to the Board of Trustees on the performance of the Trust including performance of the Trust's Academies, which is also supplemented by monitoring reports from the LSBs. The CEO is held to account by the Board of Trustees
3. The CEO has delegated responsibility for the operation of the Trust, including the performance of the Trust's Academies and is responsible for all staff across the Trust.
4. The CEO oversees D Schools and other organisational structures which may be adopted to achieve the Trust's objectives.
5. The CEO is the Accounting Officer with overall responsibility for the operation of the Trust's financial responsibilities and must ensure that the organisation is run with financial probity, effectiveness and stability, avoiding waste and securing value for money.
6. The CEO and CFOO oversee the work of the Trust Operations, known as D Serve including Finance, Digital (including Information Security & Data Protection ¹), Estates, and People to support and implement school and Trust development priorities across DMAT, sharing expertise and transforming practice.

5.6. DMAT Schools

The Academy Principals are responsible for the day-to-day management of their academies.

The Trust has established a Primary Leadership Board and a Secondary Leadership Board. Both boards meet regularly with the CEO or nominated representative.

¹ In line with the GDPR, the DPO maintains a direct line of reporting to the CEO and Trust board.

Principals are line-managed by and accountable to the Primary Leadership Board and Secondary Leadership Board who in turn are line managed and accountable to the CEO. Principals co-construct and deliver the aims, vision and values of the Trust alongside the Executive and Board of Trustees. The Principals work with the Local Stakeholder Boards to monitor standards, sharing school development and improvement plans.

6. Glossary to Table of Responsibilities

In line with best practice, delegations are defined (rather than by ‘ticking’ to indicate activity by the stakeholder). DMAT has adopted the following matrix.

Members: Under normal on-going Trust activities the Members do not get involved with the day-to-day operations of the Trust Board or the leadership activities of the CEO. Members keep a watching brief through their meetings with the Trust Board Chair and the CEO. Members hold the Trust Board to account for the effective governance of the Trust, but they have a minimal impact on the running of the Trust. Members are essential to the integrity of an academy trust structure. They are the last line of defense from the failure of governance and failure to uphold the charitable objects of the organisation. Refer to Section 5.1"

Perform	The individual/group will follow agreed policies and procedures or carry out specified duties. They are accountable for executing or implementing decisions or policies. They may be required to report on the delivery of duties/actions. In the case of (i) the CEO, reports will be to the Board and/or LSB (as appropriate), (ii) the LSB, they will be making reports in relation to their school to the Board and/or CEO (as appropriate) and (iii) the Principal, they will be making reports in relation to their school to the CEO and/or LSB (as appropriate).
Consult	The individual/group that should be consulted as part of the process of completing a particular task. This role describes those whose knowledge and expertise is important in making the decision but does not imply that their input will be followed in all circumstances. This role is a supporting role
Recommend	The individual/group that should make recommendations as to how a particular task should be completed or what particular course of action should be taken. The Recommend role typically involves a significant element of work in a decision. They may gather relevant input (Consult) and propose a course of action—sometimes alternative courses, complete with pros and cons so that the Approver’s choices are clear, simple and timely.
Agree	This role represents a formal approval of a recommendation. The 'Agree' and the 'Recommend' should work together to come to a mutually satisfactory proposal to bring forward to the Approve group. Not all decisions need an Agree role, as this is typically reserved for those situations where some form of regulatory or compliance sign-off is required.

Overview of Strategic Financial Management

As a family of Academies, our financial strategy seeks to make the best use of the resources at our disposal using the following core principles:

- **Consistent entitlement** – every child or young person should have a consistent entitlement to financial resource in line with their own unique needs regardless of which Academy they attend.
- **Efficiency** – Academy Principals and central Trust services must demonstrably manage the resources under their control as efficiently as possible.
- **Integration and Collaboration** – our aim is to ensure as much resource as possible is directed to the needs of the individual student. Whilst this involves focusing on efficiency it also means working together in hubs, across phases and in the Trust as a whole to support and share resource as best possible.
- **Sustainability** – the ongoing health of the organisation is based on operating within our income levels over the business cycle. Leadership at all levels, national, regional and within every Academy must be demonstrably committed to this end.

To support this strategy:

We monitor key KPIs such as Pupil Teacher Ratios (PTR), Pupil Adult Ratios (PAR), average levels of pay and Student numbers v Academy capacity.

We ensure focused application of our budgets through pooled resources. Principals remain accountable for school specific budgets and manage the bulk of our income in delivering front line education. Our capital funding and non-education spend is managed centrally by our Trust Services team, delivering services, IT infrastructure, Estates management and expenditure, Trust leadership and governance.

Local Boards are responsible for monitoring the effective impact of ring-fenced funding including Pupil Premium, SEND and Sports Premium and Catch-up Funding.

Both groups are charged with ensuring they deliver value for money through adopting efficient structures, collaborating, and continually challenging themselves improve the impact and cost of the work they do for our students.

Budget Setting

We are required by the ESFA to submit an overall balanced budget. Every year a finance timetable is constructed detailing the phases of budget (and three-year plan) preparation including:

- An initial draft looks at next year’s budget in October/November designed to flush out any future strategic challenges
- This is followed by a detailed update in April/May once we have had formal confirmation of income from the ESFA. These budgets are internally signed off by the CFO and the Accounting Officer prior to gaining Board approval. This budget is consolidated in May in order for us to meet the ESFA’s submission deadline of the end of July.
